JOIN FRIENDS OF PORTERS CREEK WETLAND TODAY

Did you know Porters Creek Wetland stretches from Jilliby to Warnervale, across to Hamlyn Terrace and down to Watanobbi. It is the Central Coast's largest fresh water wetland, home to ecologically endangered communities and essential habitat.

Porters Creek Wetland is under threat

From :

- OVERDEVELOPMENT
- STORMWATER RUNOFF
- CLIMATE CHANGE

Friend of Porters Creek Wetland will:

- Hold bushwalks and other activities;
- Educate neighbourhoods around the wetland about its value;
- Work with council and state government to protect the wetland;
- Keep the community informed about anything that impacts the wetland. Please join us:
